Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Dr. Shoop's Catarrh Cure

PLAIN TALK BY PRELATE.

The feature of Saturday's session in Washington of the Brotherhood of St. Andrew was the address of the Right Rev. Arthur Foley Winnington-Ingram, lord bishop of London. The bishop was introduced by James L. Houghteling, of Chicago, founder of the order. His theme was: "The Influence of a Man Among His Brethren."

"What I mean by the influence of a man among men," he said, "is the amount of conscious or unconscious good he does by the inspiration of his example. The scope of conscious influence is infinitesimal when compared with unconscious influence. I know for myself that I usually make a most awful mess of it when I try to consciously influence anyone, but I know by many examples that I have reached further and better in almost all directions on occasions when I was least aware of it.

"The first secret of a man's influence among his fellows," the Bishop continued, "is that he must be absolutely straight and straightforward. This is one of the first qualifications of your President, with whom I have had three or fours hours of most interesting conversation during the past two days. The second secret is that a man must not have too good an opinion of himself. The boys at school, at college and the men on the street will have no use for a man who is consumed with his own importance. In England we express it by saying a man must have no side. Since coming to your city I have learned that you express the same thing by saying a man must have no frills.

"The third secret is a saving sense of humor. The fourth is the possession of a serious object in life—seriousness at the bottom of character, and the fifth is sympathy. The last and crowning secret for one who would have influence with his fellow-man is faith. People who cannot believe in anything always turn to the man of faith in times of stress."

DISORDER AT A MEETING.

Alleged socialists last night made the most riotous demonstration ever seen in Cooper Union, New York, in a determined effort to break up a meeting of the Federation of Italian Societies, called to protest against the recent action of the Italian government against the clergy and the attacks to which Cardinal Merry del Val, papal secretary of state, had been subjected during the agitation. For twenty-five minutes the disturbers, who were all Italians, held the police at bay, and it was not until a police captain, with reserves, hurried to the rescue of Lieut. Powers and the eight men detailed to the meeting that order was restored and the meeting permitted to continue. Nine men, supposed ringleaders, were arrested and a hundred more beaten by the police and thrown out into the street. The call for the meeting had been sent out to eighteen churches, and the hall was crowded. Many distinguished priests of the Roman Catholic Church were present. When Dr. Lorenzo Uller arose to open the meeting and stated its purposes, from the right side of the hall a hundred young Italians jumped to their feet and yelled: "You're a liar!" and other startling epithets. "Down with the Pope!" shouted others, and the din became deafening. The rioters fought the police and attempted to release arrested men, until the police captain was forced to shout to his men to shoot if necessary. Later the disturbers were driven from the place or placed under arrest, and the meeting continued.

MIMIC WARFARE.

The military maneuvers which have been taking place this autumn in Germany, France, Austria-Hungary, Italy, Great Britain and Switzerland have just been brought to a close, and the powers, with due deference to their protestations at the Hague Peace Conference, have been busier than ever with military development. As general reports have been received of the various maneuvers it is easy to pick the paramount features of each. The scope of the work just accomplished may be represented as follows:

Germany—Imperial maneuvers of two army corps (60,000 men), Weser Valley; cavalry maneuvers, four divisions, Alten-Grabow, Munster, etc.; pioneer maneuvers, Frankfort, Ulm and Coblentz; siege operations, Posen.

France—Grand maneuvers, two army corps, in the southwest (50,000 men); cavalry maneuvers, two schemes.

Austria-Hungary—Grand maneuvers on the Italian frontier, two army corps (60,000 men); territorial district maneuvers.

Italy—Grand maneuvers, Navara Valley, three army corps (70,000 men).

Great Britain—Command maneuvers, three schemes (40,000 men).

Switzerland—Special defense scheme.

MINT LOOTED.

Struck by lightning and deserted to the last man by workmen and guards, the Lisbon Mint was looted Saturday afternoon of $50,000 in gold coin and bank notes. The thieves are unknown, and there is small hope that any of the money will be recovered.

That the amount of the plunder did not run into millions was due to the merest accident. The robbery occurred during the most terrific storm which has visited Lisbon in years. The building was crowded when the bolt fell, shattering a cupola and driving the workers and their guardians mad with terror.

Deserting their posts, they fled pell-mell, leaving notes, securities and gold and silver coin to the value of several million dollars absolutely unprotected.

Bolder than the guards, a gang of pickpockets, attacted to Lisbon by the celebration in honor of the birthday of King Carlos and his consort, and the Crown Prince's return from Africa, instantly rushed into the building and loaded themselves with plunder. They had already gathered two sackfuls of money, when a gatekeeper, regaining his courage, returned to his post, saw the thieves at work, and gave the alarm.

The arrival of the police forced the pickpockets to flee through the nearest window, leaving most of their loot. The police throughout Europe have been notified, but the negotiability of the plunder makes it practically impossible to trace it.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

[Editorial in Hartford, Conn., Daily Courant.]

Collector P. Davis Oakley has voluntarily withdrawn the personal bond of $25,000, given for the proper performance of his duties, and has substituted the bond of a fidelity company for the same amount. This commendable action deserves a passing comment. Mr. Oakley found no difficulty whatever in getting bondsmen, but, whoever his bondsmen might be, there could be no denying that they had put the collector under a direct personal obligation to them. It is far more independent and self respecting, to go down into your own pocket for the premium and pay a corporation, chartered for the purpose, for giving its bond for you. This cost him some money, but with that he buys complete personal independence and sets an example that should be widely followed. It is the way to do business; and it is no reflection upon willing friends to go instead to a company. On the contrary, it is doing them a favor.

This bond was written by the

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, SEPT. 30, 1907.

REV. JOHN TIMOTHY STONE, of Brown Memorial Church, Baltimore, yesterday delivered a very powerful address at the Young Men's Christian Association on the study of the Bible. He said that no American or Englishman could be called an educated man unless he is thoroughly familiar with the English Bible. He also said the great men, such as Gladstone, Kant, Ruskin and thousands of others prominent in literature, language and science were, first of all, Bible students. He alluded to the prophecy of Voltaire that within 100 years from 1777 the Bible would be a forgotten book. Bible knowledge, continued Rev Mr. Stone, comes only in one way, by deep and diligent study. It can never be accomplished without work. Men get what they seek for, and do not acquire by accident. The reverend gentleman is right. There are no free passes nor royal roads to Biblical knowledge. One hundred and thirty years have elapsed since Voltaire made his forecast. The Bible may, in a large measure, be a neglected book, but it is in no way a forgotten volume. About a quarter of a century ago the house in which Voltaire wrote pamphlets and doubtless penned his prophecy was being used as a Bible depository.

SECRETARY WILSON intends to make a recommendation to Congress that a system of federal inspection be established over dairy farms. The need for such a system, it is claimed, is as urgent in the case of dairy products as it ever was in the case of the products of the big packing houses. The output of the dairymen enters into interstate commerce, and infested milk, butter and cheese may carry the germs of tuberculosis, typhoid and other diseases as well as infected meat. "Interstate commerce" are talismanic words; they are the "open sesame" whereby the doors of all productive industries are expected to fly open to the federal inspector. A national inspection having once been established for the products of any industry it would be but a step to make it exclusive. The States, having permitted the federal camel to poke its nose into their tents, would ere long find themselves crowded out.

SECRETARY TAFT and Ambassador O'Brien arrived at Yokohama, Saturday and went to Tokio. Mr. Taft said that his only mission was to convey friendly greetings, and the dispatch added that he had already done much to reassure the Japanese regarding the feeling entertained toward them in America. He said that the United States would hold the Philippines. If this is all that Mr. Taft went to Japan to tell, he might just as well have stayed at home, for everybody knows that the Philippines are to be held.

FARMERS in Minnesota have pledged themselves not to sell wheat for less than $1.25 and farmers in Georgia are bound not to sell cotton for less than fifteen cents. But they all loathe trusts and they demand drastic legislation to punish the rascals who suppress competition and maintain high prices.

GOV. WARFIELD, of Maryland, has decided to enter the democratic primaries as a candidate for the long term United States senatorship from that State. He should be defeated by all means. He is only a party man when he thinks he can secure office through the democratic party.

THE republicans of Maryland are urging people to vote their ticket in order to secure "honest elections." This is laughable. Why, the dishonesty practised by the republican party passes all understanding.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 30.

As the result of prompt action taken by Governor Magoon, the strikers on the different railroads in Cuba, who promise to interfere considerably with movements of trains, have entered into an agreement that they will in no way interfere with the mail service. Although the strike idea seems to be spreading to the different provinces, even including cooks and waiters at some places, it is not thought here that it will become general or result in seriously embarrassing the government.

A fatal accident occurred on board the battleship Illinois during a storm Sunday night, according to a dispatch received today by the Navy Department from Rear Admiral Evans, commanding the Atlantic fleet. The victim was Lieut. John H. Furse. Admiral Evans reports that he was thrown against the hatch on the forecastle of the Illinois and mortally injured during the gale last night. He died at 4 o'clock this morning. The Illinois has been sent to Boston in order to communicate with Furse's family and to make the necessary arrangements for the transportation of the remains to his home. Lieut. Furse was appointed from Georgia. He entered the service May 20, 1907, and has served on the Illinois since Sept. 6, 1901.

Capt. Fitzhugh Lee, one of the aides to the President, said last evening that he would remain in Washington in his present position at the White House for another year, this being in accordance with the wishes of the President. He denied the reports that he would rejoin his regiment, the Seventh United States Cavalry. Capt. Lee is a skillful horseman and nearly always accompanies the President on his horseback rides.

STORMS IN EUROPE.

Lisbon was overswept by wind, rain and thunder last Tuesday. The tornado trailed southward, striking Malaga, and even extended to Casa Blanca, on the Moorish coast, where the French camp was wrecked Thursday. The main body of the cyclone meanwhile went farther east and slighly north, and burst over the south of France Friday morning, unheralded by storm signs. There the center of the disturbance seems to have halted, and the downpour continued yesterday.

The damage to the vintage in the department of Herault is now enormous. The valleys are flooded, and whole towns are under water. Some of the rivers have risen twelve feet, and where they have receded human bodies have been found in the branches of trees.

Rain and thunder continue incessantly. On the plain of Floransac, near Montpelier, over 2,000 vintagers, men women and children, were gathering grapes, when panting gendarmes rushed up, crying: "Run for your lives!" All dashed for high ground, and in less than ten minutes a swirling mass of water swept across the plain.

Toulon has also suffered, and communication is broken. There have been many deaths.

The damage at Malaga is placed at $4,000,000. Parties of emigrants who were waiting to embark have disappeared, and there is no trace of them.

COUNTY ITEMS.

Theodore Johnson is about completing quite a handsome nine room frame residence at Radnor Heights, on the Military Road between Rosslyn and Fort Myer.

Sergt. Benj. T. Raikes has finished his fine house in this same subdivision.

H. H. Smith and wife have lately purchased three contiguous lots, and begun the foundation for a large and commodious dwelling, and many more houses are in contemplation of erection in this vicinity in the near future.

Messrs. William B. Shear and Benj. C. Cookman, have established a large plant on this property for the manufacture of cement blocks of beautiful and varied design. This material is being used extensively throughout the county.

George H. Rucker, Clerk of the Court, who has one of the handsomest and costliest houses in the county, just recently constructed, is having a landscape gardener beautify and the two acres of ground or more immediately surrounding his residence. It will be ornamented with fine trees, shrubbery and flowers, and his handsome home will undoubtedly be one of the show places of the county.

Combined efforts on the part of the Arlington District School Board and the Superintendent of Public Schools are seeking to lease a building for temporary use as a school on Fort Myer Heights, until the proposed new school house is constructed, the plans for which are now under consideration.

ROBBED AND ASSAULTED.

Ida B. Clark, who said she was twenty-one years old and hailed from Denver, now boarding with Mrs. Dolly Evans, in west Fifty-fourth street, New York, told the police yesterday morning that she was asleep in the back parlor, when she was aroused by footsteps in the room. She sat up in bed, and in the dim light that burned in the room she saw a negro rummaging through the bureau drawers. He had a razor in one hand, she said, and advancing to the bed, he thrust the other hand under her pillow and seized an envelope containing $100 in cash, a ticket for Denver, and a Pulman sleeper ticket. "If you make the slightest outcry, I'll kill you!" he said, according to Miss Clark's story, and then proceeded to gag her with her stockings, that hung over the foot of the bed. After securing her tightly, he tore from her finger a gold ring with four diamonds, and then attacked her. After which he made his escape.

WOMAN LEAVES HER COFFIN.

Relatives of Mrs. Fred Hartsell, wife of a farmer living near Huntington, W. Va., were bemoaning her death over her coffin a few minutes before the minister arrived to conduct the last rites, when she suddenly sat up, and, with a dazed look, climbed out.

There was a rush of mourners for the open air, windows being used as exits. The mourners were terror-stricken and the minister swooned when a pale-faced woman, over whose remains he had been called to conduct services, met him at the door.

The family were too poor to have a physician, and the woman fell into a swoon, in which she remained three or four days. Her husband thought her dead and sent for the undertaker. He prepared the supposed corpse for interment, without discovering that life still lingered.

THE TWO-CENT RATE.

The passenger departments of the various railroads in Virginia are busily engaged in the preparation of rates and tariffs looking to the putting of the 2-cent rate into effect in the State, tomorrow, October 1st. It will be recalled that the 2-cent rate will not affect the price of tickets from a point in Virginia to a point outside. The railroads, it will be recalled, are simply placing the 2-cent rate into effect in accord with the order of the State Corporation Commission pending the decision of the United States courts as to whether the commission has the authority to make such an order. If the order of the commission is sustained the cheap rate will prevail, but if the decision be in favor of the railways then the old rates will be restored. No round trip tickets will be sold and tickets sold must be used on the day of purchase.

Appointed Consulting Engineer.

Savannah, Ga., Sept. 30.—Captain Oberlin Carter, who was sentenced to serve five years in the military prison at Leavenworth, Kas., on the charge of conspiring with Greene and Gaynor to defraud the government of nearly $2,000,000, has been appointed consulting engineer of the East Florida Coast Railway at a large salary.

News of the Day.

President Roosevelt left Washington last night at 7:41 on a special train on his western and southern trip.

A few rash Cubans shot or imprisoned, this will be the sum total of the present troubles in eastern Cuba according to General Pino Guerra, who led the successful revolution of last Autumn.

Americans in London complain that never in their experience abroad have they encountered so many stranded members of their country as during the season which is just coming to a close.

States Attorney Healey today began proceedings before the Cook county grand jury to break up gambling in Chicago by cutting off the chief source of supply of the pool rooms, handbooks and policy shops.

Emanuel Cedrino, driving the 35-horsepower Fiat, in company with Parker, was an easy winner, with 984 miles to his credit, in the 24-hour automobile race, which finished at 10:25 Saturday night at the Morris Park Motor-drome, New York.

Mrs. E. C. Benedict, wife of the well-known banker and commodore of the Corinthian-Seawanhaka Yacht Club, died Saturday at her country home, at Indian Harbor, Conn. The Benedict family were very friendly with former President Cleveland, and the banker was one of the ex-President's intimates.

Fifteen men were killed and a score injured, a number fatally, at Bellaire, O., just across the river from Wheeling, W. Va., at 3:15 Saturday afternoon, when the Chicago and Wheeling express train, on the B. and O. Railroad, crashed into a freight train, which was moving slowly on a siding. The two big engines were reduced to junk by the impact, but the worst damage was done to the smoker, which was telescoped so completely by the baggage car that every seat was thrown out of the coach. Every occupant of the smoker was badly injured. The wreck was due, it is said, to the failure of an operator to throw a switch.

Virginia News.

The skeleton of Gen. Lee's famous warhorse, "Traveller," has been mounted and will be set up at Washington and Lee University. The bones were preserved at Washington and Lee until a few months ago, when they were sent to Rochester, N. Y., to be mounted, the expense to be defrayed by Mr. Joseph Bryan, of Richmond.

Mrs. U. G. Munsell and Mrs. Henry Holmes, both of Springfield, Mass., who were in Norfolk to attend the Millenial Dawn Tract Society convention, were killed Saturday night at the corner of Main and Matthews streets by a Norfolk and Western Railroad shifting train. The police had to interfere to prevent Mr. Holmes from jumping into the dock.

Attorneys Marshall McCormack and Conrad Kownslar, of Berryville, have filed papers in the Clarke county clerk's office, contesting the local option election held at Berryville on September 17, which resulted in the defeat of the "wet" ticket by a majority of 62 votes out of a total of 282. The principal grounds for contest is the allegation that voters who would have voted the "wet" ticket were refused the privilege of voting by the judges of election.

Three colored men lost their lives and three more were terribly burned when the gasoline tank on board J. W. Ballard's oyster boat, Earle, exploded in the Nansemond river early Saturday morning. The victims were engaged in tonging oysters and were well out in the stream when the tank burst. Although the explosion was terrific, none of the three victims who died was killed outright. They were blown into the river and drowned before assistance reached them.

Miss Daisy Hampton, daughter of the late Gen. Wade Hampton, of South Carolina, who has been spending the summer at the home of her aunt, Mrs. Thomas L. Preston, near the University of Virginia, has gone to New York, where, it is understood, she will procure her trousseau. It is stated that Miss Hampton is soon to marry Judge Randolph Tucker, of Bedford City, who met her at the university in his student days. The wedding is to take place in November at Miss Hampton's home, in Columbia.

THE JUDGE APOLOGIZED.

Julian Pavlinic, the Austrian, who killed his wife in Newport News two years ago by shooting her 11 times was sentenced to 10 years in the penitentiary by the jury in the Elizabeth City county Circuit Court Saturday night, the jury finding him guilty of murder in the second degree on a comprise verdict. The prisoner declares that he should either be hanged or set free, and his counsel declare him insane. Pavlinic says he killed his wife because she had made him promise to do so if she showed signs of insanity. The woman once had been confined in an asylum, and he said she declared she would rather die than return to the institution.

Judge Blackstone, whose slumbers Friday during the trial of Pavlinic, made necessary the adjournment of the court, upon opening court, on the previous day, stated that he wished to apologize to counsel for his condition Saturday. He said that he was very much indisposed on Friday and did not feel equal to the task of holding court.

RACE TROUBLES IN INDIANA.

Twenty-five negroes employed in the Jennings stave factory at Milton, Ind., have been in constant peril for two days, as a result of race prejudice, and bloodshed is expected at any moment. The whites employed in the factory have given the negroes notice to leave and have fired on them two nights in succession, sending bullets through the windows of the offices where the negroes are housed.

The manager of the factory has advised the negroes not to leave, and has appealed to citizens to assist in protecting them, but many are in sympathy with the workmen, and have refused to protect the negroes or arrest the offenders.

Yesterday arms were provided the negroes from some unknown source, and the whites are greatly excited and apparently more determined to rid the community of them.

Dedication of McKinley Monument.

Canton, O., Sept. 30.—An address by President Roosevelt and poem, written for the occasion and recited by James Whitcomb Riley, were the features of dedication here today of the $540,000 McKinley Memorial Monument built by a country-wide popular subscription of 1,500,000 small contributions.

Two thousand soldiers of the regular army and two thousand of the Ohio militia protected President Roosevelt and other notables here and kept the crowd from breaking through the ropes that lined all the down-town streets.

President Roosevelt arrived at 10:11 a. m. over the Pennsylvania and was driven to the high school building. United States cavalry formed his escort.

At the school 1500 boys and girls were grouped on a large stand and dressed to form a flag. Nearly five thousand other school children were grouped on either side. All sang "America" and "The Star Spangled Banner."

From the school the President was driven to a large stand in the square from which he reviewed the parade.

When the President reached the monument grounds the formal unveiling of a bronze statue of McKinley that stands at the entrance of the monument took place. Miss Helen McKinley of Cleveland, sister of President McKinley, pulled the cord that released the flags that covered the statue.

The delivery of the President's speech and the recitation of James Whitcomb Riley were listened to attentively by the large multitude. The other features of the programme which followed were alike interesting.

Affairs in Cuba.

Havana, Sept. 30.—A crisis is expected momentarily between the provisional government and the revolutionary movement. Governor Magoon has sent secret orders to the commanders of rural guards to capture, dead or alive, every rebel and not to desist until every one of them has been disposed of. This followed the discovery of a plan of the chief conspirators to hold an election in the mountains, name a President of the republic and under his banner arouse the whole island to revolt.

The strike conditions appear to be growing more serious every hour.

Reports are current that laborers employed in the shipping and dock works here will join the strike today.

In addition to other troubles facing the government, reports from Cienfugeos indicate that the yellow fever there is spreading and a troop of cavalry has been transferred for fear the soldiers would fall victims to the disease.

Captain Dougherty wired today that his troop of rurales had surrounded a band of twenty rebels near Tacajo and expected to either capture them or drive them into the sea.

Secretary Taft in Japan.

Tokio, Sept. 30.—Secretary of War Taft will deliver the only public address during his stay at a banquet to be given in his honor tonight jointly by the Tokio municipality and the local Chamber of Commerce. His speech will be colored, it is understood, by a series of talks he has already had with Minister of War Terauchi, with whom he talked at an unofficial meeting yesterday and again, at greater length and more formally, at Viscount Terauchi's residence today.

The American war secretary declared in an interview following his first conversation with the viscount, that he regards talk of war between Japan and the United States as criminal, and added today that he expects to say as much when he speaks at tonight's banquet. The two statesman have met twice before when Taft was visiting Japan, and a warm friendship has grown up between them. Secretary Taft's audience with the emperor has been postponed until Wednesday to suit the latter's convenience.

The America's Cup.

London, Sept. 30.—Dissatisfied by the New York Yacht Club's attitude on the restrictions governing international yacht races, British yachtsmen are enthusiastically taking up the suggestion that England offer an international cup. Basing their opinion on the many criticisms they have seen from Americans of the New York club's rejection of the Lipton challenge, the promoters of the plan think yachtsmen from the United States will lend their aid. King Edward is said to have approved the suggestion and to have offered unofficially to present the cup.

London, Sept. 30.—A dispatch to a London news agency from Stockholm says the Swedish Yacht Club has forwarded to the New York Yacht Club a challenge for the America's cup. Details are lacking.

Accidents to Bicyclists.

Berlin, Sept. 30.—"Bobby" Walthour, the American bicycle rider, is in a serious condition today as a result of the smash-up during a 100 kilometer race on the Spandu bicycle track yesterday in which he was caught. Walthour sustained a severe concussion of the brain and at the hospital where he was taken it was stated today he may not recover.

One man was killed and three others injured during the race. A pacemaker's tire burst, throwing the rider. An ambulance attendant rushed to his assistance when Hoffman, Walthour's packmaker, was struck, killing the attendant instantly. Walthour went down in the heap. Hoffman is also badly hurt.

Reported Trouble in Russian Navy.

Sebastopol, Sept. 30.—Great excitement exists here as the result of the belief that a bloody mutiny is in progress in the war fleet near here, and wild rumors say that many naval officers have been slain. Official reports are lacking, but it is certain that serious trouble exists. This news came quickly after the attempt of three terrorists to cause a revolt in the barracks. They gained entrance and were trying to arouse the troops to rebellion when their presence became known. They fired upon the officers and escaped during the excitement which followed.

Derailment of Train.

St. Louis, Mo., Sept. 30.—Frisco passenger train No. 10, known as Metor, due here at 11:30 today, is reported to have been derailed and burning on Dixon Hill, west of Rolla, Mo. The fire department at Rolla was placed on a special train and rushed to Dixon Hill, where a telephone message says many persons were penned in the burning cars. A later dispatch says the engine and seven cars turned somersaults down a bank. Two persons were killed and fifteen injured.

Floods in France.

Montpeiller, France, Sept. 30.—Heavy rains like those which have caused so much damage throughout southern France recently recommenced today, and fears are entertained that the flood situation will become even graver than hitherto. Between here and Narbonne the rain is falling in torrents. The streams are rising rapidly and threaten to overflow their banks to a greater extent than before. It is impossible to estimate the number of villages said to be flooded now, while the fresh loss will be enormous. A general panic exists among the residents of the district who fear everything will be swept away.

Collided with Cruiser.

Provincetown, Mass., Sept. 30.—The cruiser Des Moines, of Admiral Evans's fleet, arrived here today for repairs caused by a collision with the refrigerator Glacier which crashed into the cruiser during a storm, ripping a hole in her side and carrying away a steam launch and several smaller boats. The Des Moines reports that the gale created havoc among the warships anchored at the target grounds a few miles from here. Two men, whose names have not yet been ascertained, were blown overboard and drowned, one from the Ohio and one from the Minnesota.

New York Stock Market.

New York, September 30.—There was a firmer tone to the stock market during the first hour. Price movements were all toward higher figures, the majority of stocks making gains ranging about one point from Saturday's close. There was a good deal of talk on the floor about the points of the President's speech to be delivered at Canton, but it could not be said that any fear of unfavorable consequences from the speech had anything to do with the trading. The belief prevailed that developments in regard to interest payments tomorrow would have more to do with the immediate future of the market than anything else now pending.

The American Magazine for October, which has been received from its publisher in New York, is full of interest, appealing to a variety of tastes. It opens with an illustrated sketch of John Johnson of Minnesota—Herr Watterson's "dark horse." How F. J. Heney grappled the Oregon land graft, is told in "The Farming of the West." Ernest Thompson Seton describes "The Habits of Wolves," and David Grayson contributes an "Adventure in Contentment." The fiction and verse of this issue are excellent, and "The Pilgrim's Scrip" and "In the Interpreter's House" bear on questions of the day.

The October Metropolitan, which has been received from its publishers in New York, is replete with interest to its wide circle of readers. "The South and its problems" takes up the commercial and social conditions south of Mason and Dixon's line. "Our other race problem" deals with the education of the Indian. "The Keystone of power" is a strong article, and the instalment of "The Mexican War" follows Scott's advance into the valley of Mexico." "The Water Wolf of Inland Seas" will interest anglers, and the fiction of this number is unusually strong and varied.

Frank P. Burke died last night. He was a well-known retired business man. Until recently he was the owner of the Shoomaker house.

so runs the poem; but if he wanted to have a really hot time why didn't he get his parents to order a ton of Peck's coal and warm up the house right? Our coal contains more heat than other coals because it is mined from a rich vein, and carefully cleaned of dirt and foreign substances.

FOUNDATION STONE OF EPISCOPAL CATHEDRAL LAID.

With solemn, impressive ceremonies, and in the presence of a most distinguished gathering of over 25,000, the foundation stone of the great Episcopal Cathedral of SS. Peter and Paul was laid yesterday afternoon at Mount St. Albans, near Washington.

The foundation stone was laid by Bishop Satterlee. The address of greeting was by President Roosevelt and the salutation by the Lord Bishop of London. The services were beautiful and impressive. The procession, with the Marine Band wearing vestments, was a spectacular feature. The procession entered the space within the crypt. First came a surpliced choirboy bearing a goldern cross aloof. Then followed about 100 choirboys, singing the "Processional." Then came the Marine Band, wearing vestments for the occasion; then the men of the choir, perhaps 150 to 200 in number. The choirboys separated when the grandstand was reached, and one-half marched up one side and the others filed up the other side, both taking seats at the back of the stand. The Marine Band, still playing, took seats on the stand, as did the men of the choir. Then came the lay readers of the diocese, the clergy of the Diocese of Washington, the cathedral council, the cathedral chapter, each section being marked by a cross-bearer. Finally came the bishops in their robes and the officiating bishops all with their robes and capes. The bishops were given seats on the front row, to the right and left of President Roosevelt. Rev. R. H. McKim, of the Church of the Epiphany, Washington, D. C., began the services and announced the object of the gathering. The gavel used in the laying of this stone was loaned by courtesy of Potomac Lodge, No. 5, F. A. A. M., of Georgetown, D. C., and is the one used by President Washington in laying the cornerstone of the United States Capitol, September 18, 1793. The trowel used belongs to Washington Cathedral, and has been used by the Bishop of Washington in laying the cornerstones of the Cathedral Schools for Girls and Boys. It was used by the Archbishop of Canterbury in planting the Canterbury oak on the Cathedral close. The foundation stone, which was imbedded in a large block of American granite, was brought for this use from the Holy Land, where it was obtained from a field adjoining the Church of the Holy Nativity at Bethlehem. Upon it is engraved the text: "The word was made flesh and dwelt among us," St. John 1:14.

The theme of Mr. Roosevelt was "Conduct the Touchstone That Determines the Character."

Bishop's Gibson, of Virginia, Paret, of Maryland and Cheshire, of North Carolina, took part in the services.

The space to be occupied by the great cathedral was marked off by crimson ropes and labeled with cards describing what portion would be erected where the cards were placed.

A great semicircular stand was erected around the crypt, with a stand just behind the foundation stone, on which were seated the choir, the visiting clergy, the bishops and those taking part in the ceremonies. The stands were decorated with white banners, bearing the cross in black upon them. Directly over the seats for the bishops was a large golden cross and the American flags intertwined. In the amphitheater formed by the stands were placed chairs for the clergy and the public.

It was a ceremony and a pageant the like of which is seldom seen in this country.

At a great mass-meeting held at the Peace Cross, on the cathedral grounds, in the afternoon, under the auspices of the Brotherhood of St. Andrew, the Lord Bishop of London formally presented to Bishop Satterlee the stone pulpit, or ambon, which the Archbishop of Canterbury sent over for the new cathedral as his personal gift. This meeting was attended by about 35,000 persons. Addresses were made by the Bishop of London, Mr. Justice Brewer and Father Waggatt, of London.

A large number of Alexandrians attended the services.

EPISCOPAL CONVENTION.

The triennial convention of the Protestant Episcopal Church in America, which assembles in Richmond on October 2, will bring together one of the most notable bodies of men who have assembled in Richmond since Colonial days.

In the House of Bishops, whose session will be held in the state Capitol, will be about one hundred of the bishops of the Church, many of whom are notable throughout the country as churchmen and theologians and some of whom have reputations abroad as preachers or authors. As a corresponding member of the House of Bishops will sit the special representative of the English Church, the Right Rev. Dr. A. F. Winnington-Ingram, Bishop of London, who will be in Richmond throughout the convention. There will also be in attendance on the sessions of the House of Bishops missionary bishops to all the heathern lands in which the Episcopal Church maintains mission stations.

The House of Delegates, six hundred strong, composed of four clergymen and four laymen from each diocese, will hold its sessions in St. Paul's Church, which has been specially arranged for the gathering.

The formal exercises of the opening of the convention will take place on the morning of October 2 in Holy Trinity Church, with a consecration service, the Bishop of London preaching the sermon. On Thursday the visitors will dine at the Jefferson Hotel as the guests of the Virginia delegation. Saturday, October 5, will be given up by the convention to a trip to Williamsburg, the old capital of Virginia, for the purpose of taking part in exercises at the old Bruton Church, the second oldest in the United States and the oldest in point of continuous service, at which practically the entire convention and visitors will be present. The Bishop of London will present to the parish a Bible, the gift of King Edward VII. At the same service there will be presented to the church a lectern, the gift of President Roosevelt, which will support the Bible from the king.

Among the laymen who will attend the convention will be J. Pierpont Morgan, who has secured the Rutherford house, in which he will entertain throughout the convention. Three generals of the army will also be in attendance, two having won their titles in the Union ranks, the other having served with the Confederacy. The first two are General E S. Bragg, of Fond Du Lac, Wis., and General John M. Brown, of Portland, Me., and the third is General W. P. Craighill, of Charlestown, W. Va.

The social features of the great gathering will be of interest, a number of entertainments having already been proposed for the noted visitors as well as for the bishops and members of the convention generally. One of the most pleasant of these features will be the daily luncheons at the Masonic Temple for the House of Bishops, the clerical and lay delegates, the secretaries and others connected with the convention.

On the evening of October 1, the night before the convention opens, Bishop Gibson will give a reception in honor of the Bishop of London.

Rt. Rev. W. C. Doane, bishop of Albany, N. Y., has given notice that in the convention he will propose a canon absolutely prohibiting the remarriage of divorced persons.

Courts of appeal will be discussed at length and with much variance by the convention.

CONVENTION ADJOURNED.

With a public meeting in Continental Hall last night the international convention of the Brotherhood of St Andrew, which began its session in Washington last Wednesday, closed. The farewell address to the delegates assembled in the hall was delivered by James L. Houghtelling, who twenty-four years ago in St. James Church, of Chicago, with eleven stanch workers among the laymen of his church, founded the brotherhood, which today has more than 25,000 members and which was represented at the convention by delegates from all parts of the world.

Addresses were also made by Rev. J. H. McIlvaine, D. D., rector of Calvary Church, Pittsburg, on the subject "Follow Me;" by Rt. Rev. Edgar Jacob, Bishop of St. Alban's on "What Wilt Thou Have Me to Do?" and by Rt. Rev. T. F. Gailor, D. D., Bishop of Tennessee, "Go Ye Into All the World." The convention was probably the most notable one ever held by the Brotherhood of St. Andrew.

LETTER TO THOS HOY

Alexandria, Virginia.

Dear Sir: A few years ago, a New York daily got up a great agitation for dollar gas, and got it. The State passed the law, and the people liked it, of course, till the bills came in. The bills were bigger, not less; the law didn't say what the gas should be.

The price of a gallon of honest paint is $1.75; but there's "paint" all the way from 35 cents to $1.75. A popular price is $1.25; there are scores of "paints" at that price. Like dollar gas.

If $1.75 is the price of a gallon of honest paint, you may be quite sure there are scores of "paints" at all prices from that down, with paint enough in them to pass for paint. And what are you going to do about it?

It takes from $2 to $4 a gallon to pay the painter for doing his work. Is it worth while to pay $2 to $4 a gallon for brushing-on paint half whitewash?

No; the expense of that extra and useless labor makes counterfeit paint cost more than true.

The remedy is Devoe. There are eight honest paints; Devoe is the strongest one of the eight. Yours truly,

55 F W DEVOE & CO.

THE MOTOR BOAT RACE.

As stated in the Gazette of that day the motor boat Kindo, owned by William E. Moore, George T. Pettit and Thomas F. Kelly, Saturday afternoon again demonstrated its superiority over R. Bruce Emerson's boat, the Mae, winning the race by twenty-six minutes, over a course twenty-one and a half miles long, to Marshall Hall and return. The start was made in a drizzling rain, at 2:59 1-2, from a stake boat anchored opposite the Prince street wharf.

At 4:01 1-2 the Moore boat passed the finish line, having covered the distance in one hour one minute and thirty seconds, and it was twenty-six minutes later when the Emerson boat reached the starting point. It was evident from the start that the Moore boat had the best of the race, but that there should be such a wide margin between the time of the two boats could not be understood, until Mr. H. O. Link, of Baltimore, who was operating the engine of the Emerson boat, explained that his propeller picked up a pile of river grass shortly after the start, and that he was hampered by this obstruction until the finish. Mr. Link stated that he was sure that the Emerson boat would have been victorious, but for the mishap mentioned.

The Emerson boat was piloted by Mr. William Anderson, and the crew of the Moore boat was the same as a week ago —Joseph Moore at the wheel and William E. Moore in charge of the engine.

The judge was William Bryant. In the judge's boat were Thomas F. Kelly, representing Mr. Moore, and J. H. Miller, for Mr. Emerson. The official starter was Thomas L. Hall. Thomas Chauncey was in the starter's boat representing Mr. Moore, while Thomas L. Dawson, in the same boat, represented Mr. Emerson.

After the race several of Mr. Moore's fellow-employes at the Washington navy yard presented him with a silver loving cup as a memento of the occasion.

The prize awarded the winner was $100, secured by popular subscription through the effort of A. D. Montier, general manager of the contest. The final award was made Saturday evening at the Hotel Fleischmann.

COLORED CHURCHES.

The Alfred Street Baptist Church (colored), Rev. Alexander Truatt, pastor, which has been remodeled and improved in the past few months, was reopened yesterday with interesting services. At 11 a. m. Rev. S. P. Fisher, of Lincoln, Loudoun county, preached, and at 3:30 p. m. a sermon was delivered by Dr. G W. Lee, of Washington. The church presents a very attractive appearance, it having been completely metamorphosed by frescoed ceilings and walls, remodeled organ, electric lights, renovated pews, new carpets, &c. In the alcove back of the pulpit an attractive memorial window has been placed in respect to the memory of the late S. W. Madden, first pastor of the church. The window contains a picture of the deceased.

There were special services yesterday at Roberts Chapel, M. E. Church South, colored, on south Washington street. The church has been repainted, carpeted and is now lighted by electricity and provided with new furniture. There was special music on the occasion, under the direction of Prof. Lumpkins.

The cornerstone of St. John's Baptist Church of Arlington was laid yesterday afternoon at 2: 0 o'clock in the presence of a crowd of more than 3,000 enthusiastic colored communicants.

DEATHS.

Mrs. Amanda Evans, wife of Mr. Charles E. Evans, died about 11 o'clock yesterday morning at her home, 409 south Fairfax street. The deceased was 53 years old. Besides her husband, Mrs. Evans is survived by two sons and a daughter. She was a native of Prince William county, bnt had lived in Alexandria most of her life. Several years ago Mrs. Evans was stricken with paralysis, since which time she had been an invalid.

The funeral of the late Randolph Goings, who died Saturday, will be held at his late home, on Seminary Hill at 4 o'clock this afternoon. Rev. S. A. Wallis will officiate and the interment will be in the family lot near by. The deceased was an old resident of Alexandria county.

VISIT TO MT. VERNON.

The palace car "Mount Vernon," in charge of Conductor Crockett and Motorman Robey, passed through this city about 11:30 this morning with Mr. J. Pierpont Morgan and several prominent church representatives, who have been attending the Brotherhood of St. Andrew meeting in Washington. In the party were Bishop Lawrence, of Massachusetts; Rev. Dr. Huntington, of New York, and Mrs. Amy Townsend, of the Ladies Mount Vernon Association. After inspecting the buildings and grounds the party returned to Washington, passing through this city at 1:30 o'clock.

SPECIAL SERVICES.

For those of the Brotherhood of St. Andrew who attended the convention in Washington, and who wished to visit Christ Church, this city, informal services were held at that church at 10:30 o'clock this morning. About 150 persons were present. The rector, Rev. W. J. Morton, gave a short, but interesting history of the church, after which Rev. Thomas Jenkins, of Ketchikew, Alaska, made a short address. In the chancel was also Rev. Willard H. Roots, of Pullman, Wash. The services while informal were quite interesting and were greatly enjoyed by all present.

RALLY DAY.

Yesterday was rally day at Washington street M. E. Church South. The exercises at the morning service were conducted by the Sunday school. The pastor, Rev. Charles D. Bulla, made a brief but interesting and practical address. Mr. H. W. Arnold, of Washington, delivered a vigorous address on self-control at the evening service. There was a large congregation present, and the address was justly appreciated by all present.

ATTEMPTED MURDER AND ASSAULT.

About 200 yards from the Aqueduct Bridge, on the Virginia side of the Potomac, John Mullen, a white man, who lives at 1406 Thirty-fourth street, Washington, was shot twice in the mouth and hip and his companion, Miss Amelia Weiss, 17 years old, according to her story, was seized, carried into the woods and outraged yesterday evening. The crime she said was committed by a negro. The young man who was shot was about 24 years old.

After being released by the man who assaulted her Miss Amelia Weiss, who is the daughter of Jacob Weiss, an employee of a packing house in that neighborhood, made her way to the house of Commonwealth's Attorney Mackey where she told her story. On account of her excited condition it was difficult to get from her a coherent statement.

From what could be gathered from her it seems that the assailant appeared suddenly, shot her companion and seizing her in his arms, carried her into the woods, where he detained her, according to her statement, for an hour.

Mullen after here gained consciousness, made his way to the Georgetown University Hospital, where he was treated. The outrage occurred between 5 and 6 o'clock on the River road, which runs toward the bank of the river, a few hundred yards above the bridge. The country is thickly wooded on both sides of the road. A picnic was given in that immediate vicinity by some Germans who are friends of the Weiss family. Miss Weiss and Mullen were taking a stroll along the road, which at that time of the day is not regarded as secluded. Electric cars pass near by and on Sundays a large number of persons usually walk along the road and paths. The assault was without warning.

Mullen was rendered unconscious by the shots, so that Miss Weiss was entirely at the mercy of her assailant. She described the man as being medium sized, very black and wearing a cap. Miss Weiss was in a pitable condition when she arrived at the house of Mr. Mackey, which is almost adjoining her father's residence. Her clothing was torn, and her face badly bruised.

Immediately upon hearing of the outrage, Mr. Mackey and a number of neighbors went in search of the alleged assailant.

Mullen, who is an ironworker, 24 years old, is under treatment at the Georgetown University Hospital. One bullet entered the rear portion of his right thigh and another is lodged in his neck. Mullen told the hospital authorities that while he and Miss Weiss were walking along the river road, he was shot from the rear by a negro. This was the bullet which lodged in his thigh. He says he fell after the first shot and the negro came up and beat him with a club and then fired at him three more shots, one of which entered his mouth An examination at the hospital showed that this bullet knocked out two teeth, grazed his tongue, clipping off a piece of the tongue, and then went through the floor of his mouth, finally lodging in his neck.

The Washington police have in custody Emile Weiss, a brother of the young girl, whom they claim to believe to be responsible for the shooting, although Commonwealth Attorney Mackey believes the girl's story, which, he says, is practically verified. Mullen, it seems, had been forbidden to keep company with Miss Weiss, although the couple were engaged to be married.

The police of the Seventh precinct, Washington, early this morning arrested a negro who gave his name as George Bradley, and says his home is on the Conduit road. The man answers the description given by the girl. He is held on suspicion, and the girl will be taken to Washington today by Commonwealth Attorney Mackey to try and identify the assailant. Mr. Mackey before leaving the court said he had no doubt but that Bradley was the assailant.

At 1:45 o'clock this evening Mr. Mackey and Miss Weiss had not reached the 7th precinct to identify Bradley.

On her way to Washington this morning Miss Weiss, as she passed the gas works at M street, Georgetown, saw a colored man that she said resembled her assailant. The man was promptly arrested and gave his name as Caton Harron, but he denied that he had ever seen Miss Weiss. He was locked up for further examination.

At 2:30 o'clock this evening Miss Weiss called at the 7th precinct and identified Caton Harron as her assailant. The man, with four others, were placed in a cell together and without hesitation Miss Weiss picked out Harron as the man. The latter said he worked in the brick yards in the county but could give no satisfactory account of his whereabouts yesterday evening. Harron will be held to await future developments.

THE BISHOP OF LONDON.

The plans for the visit to the Theological Seminary of the Bishop of London were changed again Saturday night, and instead of his going to Mount Vernon on the President's yacht, Dolphin, and stopping at this city, he went direct from Washington in an automobile. The Bishop of London was accompanied by Bishop Satterlee, of Washington; Rev. Father Waggett, of London, and Rev. Mr. Browning, of Washington, and others. The party left Washington soon after 10 o'clock this morning in two autos and reached the seminary soon after 11. There they were met by Bishop Gibson, Bishop Tucker, Rev. P. P. Phillips, Col. Arthur Herbert, Rev. C. E. Woodson and others. On the campus the Bishop was introduced to the students and others by Bishop Gibson, and after an inspection of the buildings, he made an address standing on the front steps of Aspinwall Hall. Among his hearers were a number of the visiting alumni; members of the St. Andrew Brotherhood, who had attended the convention in Washington, and a number of Alexandrians. The bishop's address was practical, interesting and instructive. He told his hearers that to be successful men they must be straight, must have a sense of humor, must be sympathetic and must have faith.

After a short stay at the seminary the bishop and his party returned to Washington in their autos.

Owing to press for time the visit to Mount Vernon was abandoned.

SENSATIONAL REPORT.

A sensational report is being printed in some northern newspapers to the effect that Mrs. Margaret Zelaya, the young wife of Senor C. Alfonso Zelaya, son of the President of Nicaragua, is a daughter of the late Sydney Smith Lee, of Stafford county. She was known in Washington as Margaret Baker up to the time of her marriage with young Zelaya, but, according to the stories now going the rounds, she has discovered that she was a foundling in Washington, and was adopted into the Baker family. She now claims, according to the accounts referred to, that she is the daughter of Sydney Smith Lee, a niece of Fitzhugh Lee and also that General Robert E. Lee was her great-uncle. This will be news to the people of this section. It will be remembered that when young Zelaya first married the young woman his father declined to receive him or his wife, but later relented.

MEMORIAL CHURCH.

At a cost of $100,000 and with impressive religious ceremonies, the cornerstone of St. George's Protestant Episcopal Church, in Ramson, by the Shrewsberry, Monmouth county, New Jersey, was laid Wednesday, September 25th, 1907, by Rt. Rev. Bishop John Scarborough, head of the New Jersey diocese. The structure will be very imposing, the main edifice being 108x55 feet, and will be erected as a memorial to the late William Everard Strong by his widow, Mrs. Alice C. Strong, formerly of this city, and a daughter of the late Francis L. Smith.

FINED.

The cases of Lawrence Dennis and Herbert Hinton, two Washington negroes, arrested Thursday night, charged with having been implicated in an affray near Hall's Hill, Alexandria county, in which two negroes were shot and one stabbed, came up before a magistrate in the county court house today. The men were fined $50 and $20 respectively and both sentenced to serve 30 days in jail.

LOCAL BREVITIES.

The rainfall which began Saturday afternoon continued throughout the night. Early yesterday morning the wind changed to the northwest and clear weather followed.

There were but two cases before the Police Court this morning, those of Henry Bond and Charles Peterson, both colored, who were charged with misdemeanors. They were dismissed.

The regular monthly meeting of the Woman's Auxiliary to R. E. Lee Camp will be held in Confederate Veterans' building tomorrow (Tuesday) evening at 7:30 o'clock. A full attendance is requested.

The churches yesterday were fairly well attended, though many church people went to Washington to attend the Brotherhood of St. Andrew meeting and to witness the laying of the foundation stone of the cathedral of Saints Peter and Paul at Mount St. Albans.

Mrs. Margaret Benwick, of New York, widow of Henry Brevoort Benwick, died at her summer residence at Newport, R. I., yesterday. She was in her eighty-second year and a daughter of the late Jonathan and Elizabeth Janney, of Alexandria.

Marriage licenses were issued in Washington on Saturday to Ernest L. Hoffman and Annie Hall, of Gainesville, and to Thurman M. Bicksler and Gertrude E. Taylor, of Fairfax county.

The Clerk of the City School Board today issued 42 additional permits to children to attend the public schools—4 to white boys, 5 to white girls; 12 to colored boys and 21 to colored girls.

Mrs. Annie McGinness, widow of Hugh McGinnes, died in Washington on Saturday last. The remains will be brought to this city tomorrow and interred.

Mary Custis Lee Chapter, U. D. C., will meet tomorrow afternoon (October 1st,) at three o'clock in Lee Camp Hall, Confederate Veterans' building.

During the month the Clerk of the Corporation Court recorded 47 deeds and issued 41 marriage licenses—33 to white and 8 to colored persons.

Mr. R. E. Knight has laid in a large stock of skating rink goods and will be able to supply all who indulge in rink skating.

The work on the Geo. P. Hill memorial building is rapidly reaching completion. The building is greatly admired.

Everybody Invited.

Everybody Welcome.

We look forward to this event with great pleasure because it gives us the opportunity to meet hundreds of our old friends and gives everybody an opportunity to see the wonderful growth of this popular house. Of course we are proud of our business achievements, but far above this flattering business success do we value the friendship and good will of our patrons; that's why we are happy to extend this invitation and hope you will accept it. We extend the invitation in this public manner because the friends we have made during our business career of more than forty years are so numerous that it might justly be said to embrace the entire public. If it is possible there are any in Alexandria who are not acquainted with this popular house and its great assortments of merchandise we trust they will give us the honor of a visit.

WONT DROP BOYCOOT.

That the American Federation of Labor will continue to publish its boycott list until prohibited by the Court was specifically set forth in the answer of the Federation to the complaint of the Buck Stove and Range Company asking for an injunction against such publication, which was filed in the supreme Court of the United States yesterday. The answer declares it to be the intention of the Federation "to continue to anhere to the constitution, rules and regulations of the American Federation of Labor concerning the publication of the complainant's name in the 'We Do Not Patronize' list of the Federation, unless prevented by due process of law."

The Federation denies any purpose of intimidating any one but it admits that it has given its approval to certain boycotts and the fact of such action has been published. It is denied, however, that the purpose of the "Don't Patronize" list is to injure the persons named in it. Specific denial is made of any conspiracy to boycott the Buck Company by the distribution of a circular of the Federation of which the company makes complaint. Indeed, it is declared that the Federation had no knowledge of this circular prior to its issuance.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

HOW TOM LION LOST.

"I told my friends to swap me in the primary," said Thomas M. Lion, of Prince William, for a long time a member of the House, "and asked that I be traded for the benefit of my friend, Judge Nicol, for Congress. I thought I would win, but it seems that the swapping was carried a bit further than I expected, for I missed the nomination by less than forty votes. But I am not kicking. What the people of my county do is all right with me. They have honored me, and I endorse what they do."—[Richmond News Leader.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

FINANCIAL.

An investment you wish to make, rest assured the safest investment you can possibly make is to deposit your money in the Savings Department of this corporation where it will earn 3 per cent. interest compounded twice a year. Your principal will then be always at your command and cannot depreciate in value. You can start an account with this corporation for $1.00 or upwards. If you have other investments in view isn't it advisable to have your MONEY MAKING MONEY while you are deciding this matter. There's many a $1 or $5 bill spent unnecessarily because it is carried in the pocket, when a savings account would have discouraged or prevented the expenditure. A bank account is not only a convenience, but a great encourager of economy, so why not commence right and open an account with us today. We invite you to do so and promise courteous and liberal treatment consistent with sound banking methods.
